

SOCIAL SCREENS

INTERIOR & EXTERIOR SCREENS FOR HOTELS, CAFÉS, BARS & RESTAURANTS,
DESIGNED TO AID SOCIAL DISTANCING

 **breezefree**

IN PARTNERSHIP WITH  **LIBART**

Why Breezefree?

We have over 20 years of experience designing and installing alfresco spaces, with a project management team whose expert knowledge is second to none.

In addition to our own products and in-house manufacturing capabilities, we have established relationships with many of the top European manufacturers of alfresco products and systems available on the market today.

Our in-house installation team have in-depth training and experience in all of our products, guaranteeing that you are in expert hands.

Our customer service levels are exemplary and have resulted in long-term relationships with many high-profile clients.

We have an excellent Health and Safety record and we uphold high environmental and ethical trading standards, with accreditations from industry-recognised bodies.

SIMPLE SCREENS

A lightweight screen system primarily for internal use, Universal Screens consist of steel posts on low profile bases and a choice of panel materials.

They provide a quick and effective solution to social distancing in hotels, cafés, bars and restaurants with minimal disruption to your existing table layout.

- Ideal for internal use.
- Customisable sizes and shapes.
- Readily cleanable.
- Your choice of floor-standing or hanging.
- Link together to create multiple configurations.
- Suitable for personalised branding and imagery.
- Versatile and exceptional value.

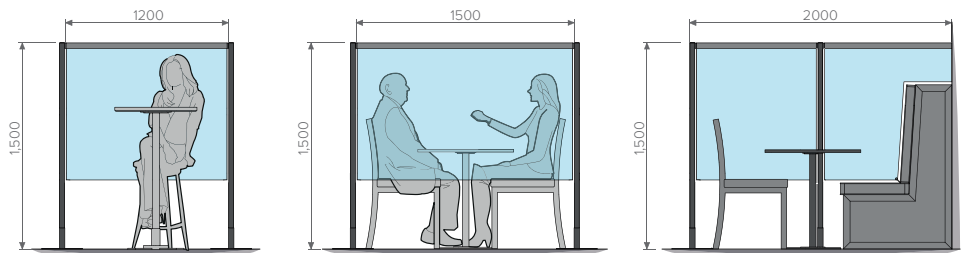

SIMPLE SCREENS

Suggested Sizes:

- 1200w x 1500h
- 1500w x 1500h
- 2000w x 1500h

Custom sizes available.

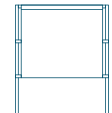

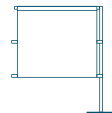

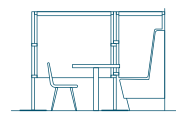

Panel Materials:

- Flexible Clearview PVC
- Clear Polycarbonate
- Reeded Polycarbonate

- Prices exclude VAT.
- Manufactured in the UK.
- Free delivery over £1000 orders.
- Designed for simple self assembly on site.

SMARTSCREENS

Breezefree's SmartScreens, typically installed to define and enclose an alfresco space, can also improve spacing in public areas.

The posts are long-lasting and come with weighted bases or ground sockets. Either canvas, Clearview PVC or safety glass panels come in three heights - 970mm for standard enclosure and 1600mm or 2200mm.

If you already have SmartScreens installed, they can be upgraded with taller posts and panels, reducing costs by utilising the existing configuration.

- Ideal for external use.
- Customisable sizes.
- Mounted on portable baseplates fixed ground sockets.
- Durable.
- Suitable for personalised branding and imagery.
